About Crespo

DESIGNED TO ENJOY COMFORT

Crespo is a well-known and leading brand in quality outdoor furniture. All Crespo products are lightweight, durable, compact and ergonomic. Crespo products are designed so you can enjoy your outdoor moments in the most comfortable way possible.

01.

A wide collection of comfortable beach-, camping-, and garden chairs with the addition of high quality and stable tables and cabinets, which are easy to set up, offering compact storage solutions. Comfortable recliners and beds with ergonomic lines for optimal support to enjoy your rest.

DURABILITY AND SUSTAINABILITY

We love our planet as much as you do - that's why we only use materials that can be easily recycled. Our products are durable and most of them come with a 5 plus 1 year warranty.

QUALITY STANDARDS

Crespo products are tested against stringent TÜV Nord standards and are made of high quality aluminium-magnesium alloy combined with multi-fibre fabric of polyester and thermofixed PVC.

CRESPO FAMILY

We work exclusively with qualified local partners and high-end resellers in each European market to support product availability and service.

OUR PROMISE

A Crespo for everybody. Beautifully designed products for comfortable outdoor moments. Products with promise, which are made sustainably and leave a better world for generations to come as well as for you to enjoy.

Warranty

We are confident of our high quality! That is why we offer you a 5 + 1 year warranty on your Crespo products! So you can enjoy your products without any worries! By registering the purchase via the website, you activate a 6-year extended warranty.

Ergonomic

Crespo's products are ergonomically shaped, meaning there is a suitable chair for everyone, which ensures optimal sitting and lying comfort. Every day. Every use.

Compact

Smart solutions make Crespo's products very compact to carry and store. This saves space, time and effort. At Crespo, we are aware that everyone has a different physique.

Quality

All Crespo products are tested to European quality standards. The products are made of the best materials and have the TÜV quality mark. Making them strong, solid and comfortable.

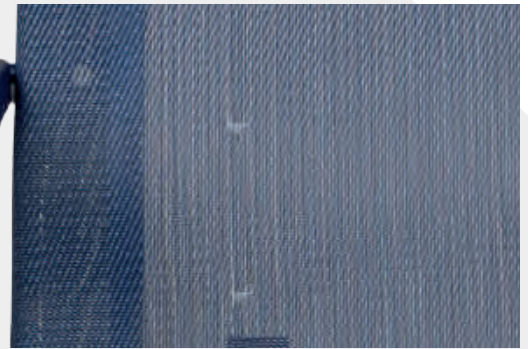

Upholstery

All chairs, recliners, beds and footrests/ stools from Crespo are available in different upholstery. The different upholstery are classified under: **Classic, Deluxe, Air-Deluxe, Air-Elite, Tex-Comfort and Tex-Supreme.**

These upholstery all offer different comfort in which they distinguish themselves from each other. These upholstery vary in terms of comfort, ventilation, passage or repulsion of water, strength and durability. The classification is further explained below.

Classic

- High-quality Textilene.
- Very lightweight.
- Durable.
- High air permeability.
- Weather resistant.
- Sustainable.

Deluxe

- Excellent seating comfort thanks to padded Dry Comfort Foam.
- Top layer made of strong Textilene.
- Water permeable material due to open cell structure.
- Breathable.
- Sustainable.

02.

Air-Deluxe

- Excellent seating comfort thanks to padded Dry Comfort Foam.
- Water permeable 3D mesh fabric.
- Breathable.
- Sustainable.

Air-Elite

- Very high seating comfort.
- Extra thick and sturdy Dry Comfort Foam padding with soft mesh top layer.
- Fully upholstered around the frame.
- Water permeable fabric.
- Breathable.
- Sustainable.

Tex-Comfort

- Luxurious seating comfort.
- Extra thick Dry Comfort Foam padding.
- Luxury durable upholstery with a soft touch.
- Breathable, UV, water and stain resistant.
- Sustainable.

Tex-Supreme

- Luxurious seating comfort.
- Extra thick and sturdy Dry Comfort Foam padding.
- Luxury durable Olefin upholstery.
- Heavy water-repellent effect.
- Fully upholstered around the frame.
- Sustainable.

Compact

Most chair models mentioned above are also available in a compact version. Those chairs have an adjustable and slim headrest so that they can be stored easier and compactly in a caravan or camper. This headrest is infinitely adjustable so that it can be adjusted to the desired height for each person.

Colours

Crespo items are available in different trendy colours. The colours of the furniture match the accessories such as footrests and stools.

COLLECTION

Air-Deluxe

The Air-Deluxe collection is characterized by the use of padded 3D mesh with Dry comfort foam. According to the OEKO-TEX standard, the Air-Deluxe material is anti-allergic and house dust mite repellent. The top layer is made of a padded 3D mesh which ensures high air permeability, is water-repellent and durable.

The Dry Comfort provides a very comfortable seat and is water permeable. The frame of the products is made of a high-quality aluminium; corrosion resistant and finished with an anthracite epoxy coating.

COLLECTION

Air-Elite

The Air-Elite collection is characterized by the use of extra strong padded 3D mesh with Dry Comfort foam and complies to the OEKOTEX standard for anti-allergic and house dust mite repellency.

The Air-Elite collection has the highest 3D padding making it extremely comfortable, moreover, the fabric in this collection is fully upholstered around the frame.

The top layer of the high-quality 3D mesh provides high air permeability, is water repellent and durable. The Dry Comfort ensures an extremely comfortable seat. The frame of the products is made of high-quality aluminium and treated with an additional anodization for even better corrosion resistance.

COLLECTION

Tex-Supreme

The Tex-Supreme collection is characterized by the use of extra strong padded Olefin with Dry Comfort foam. The top layer of Olefin has a heavy water repellent effect, is weatherproof and durable.

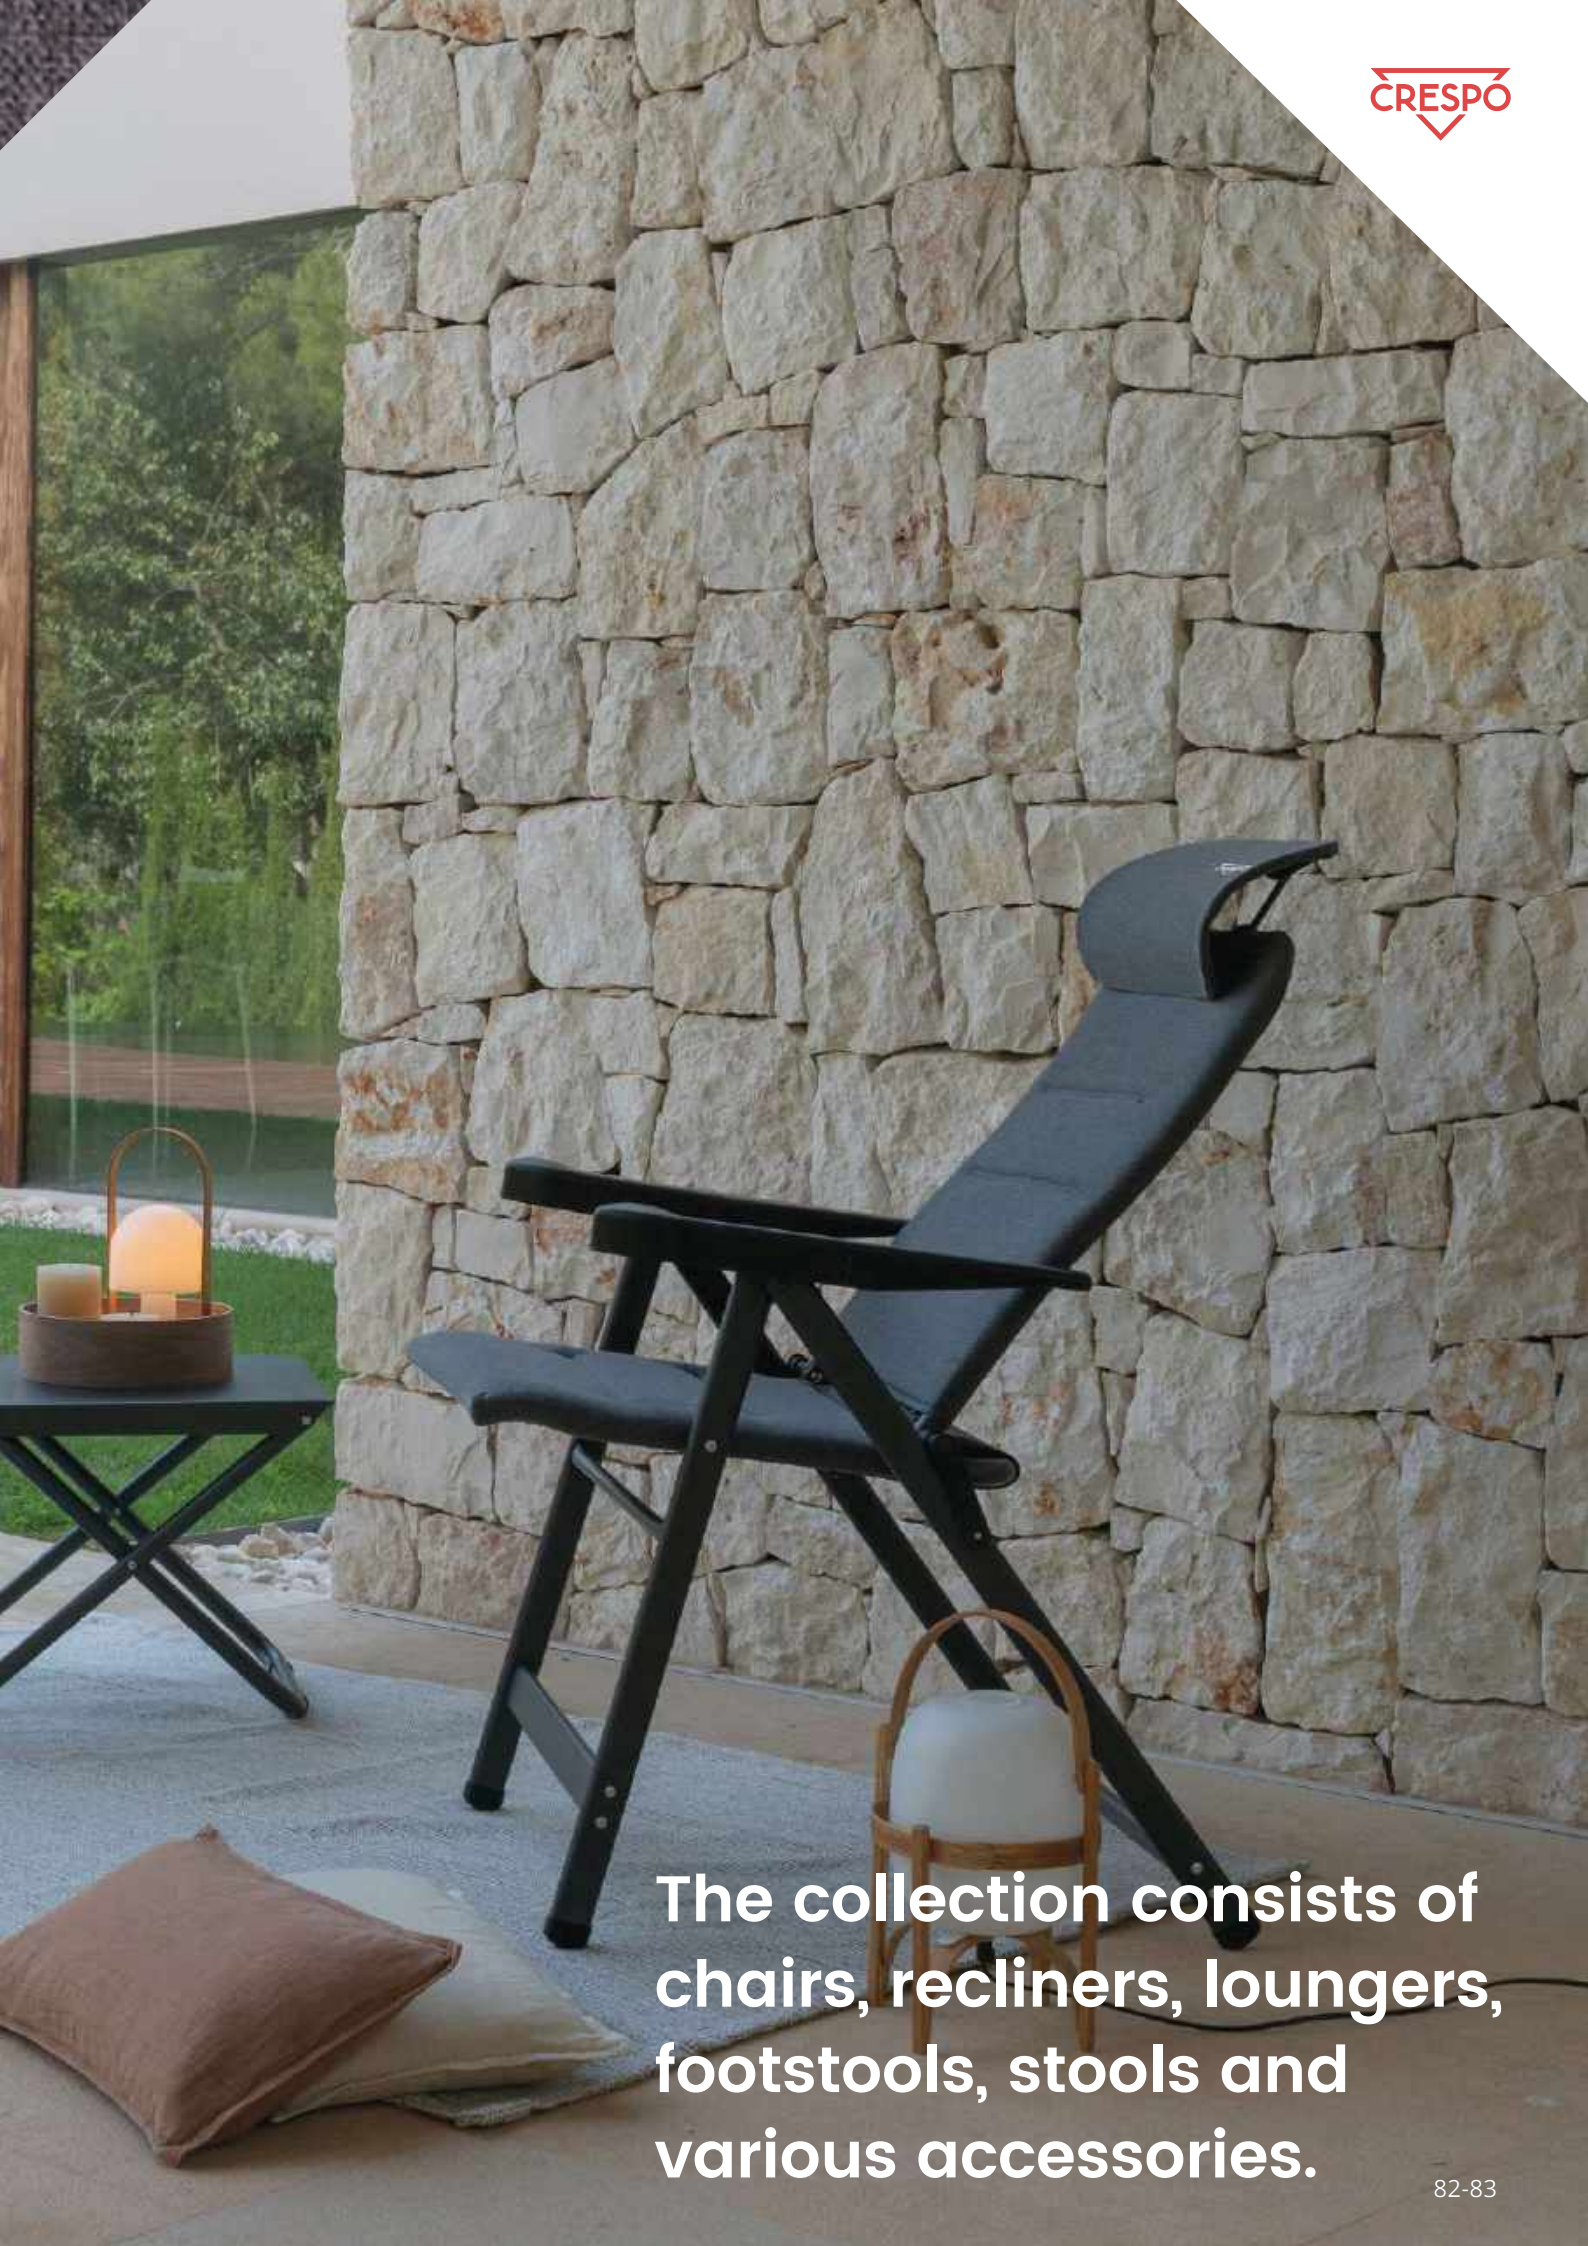

The Dry Comfort provides a very comfortable seat. In addition, the fabric of the Tex-Supreme collection is fully upholstered around the frame. The frame of the products is made of high-quality aluminium, which is corrosion resistant and finished with an anthracite epoxy coating.

COLLECTION

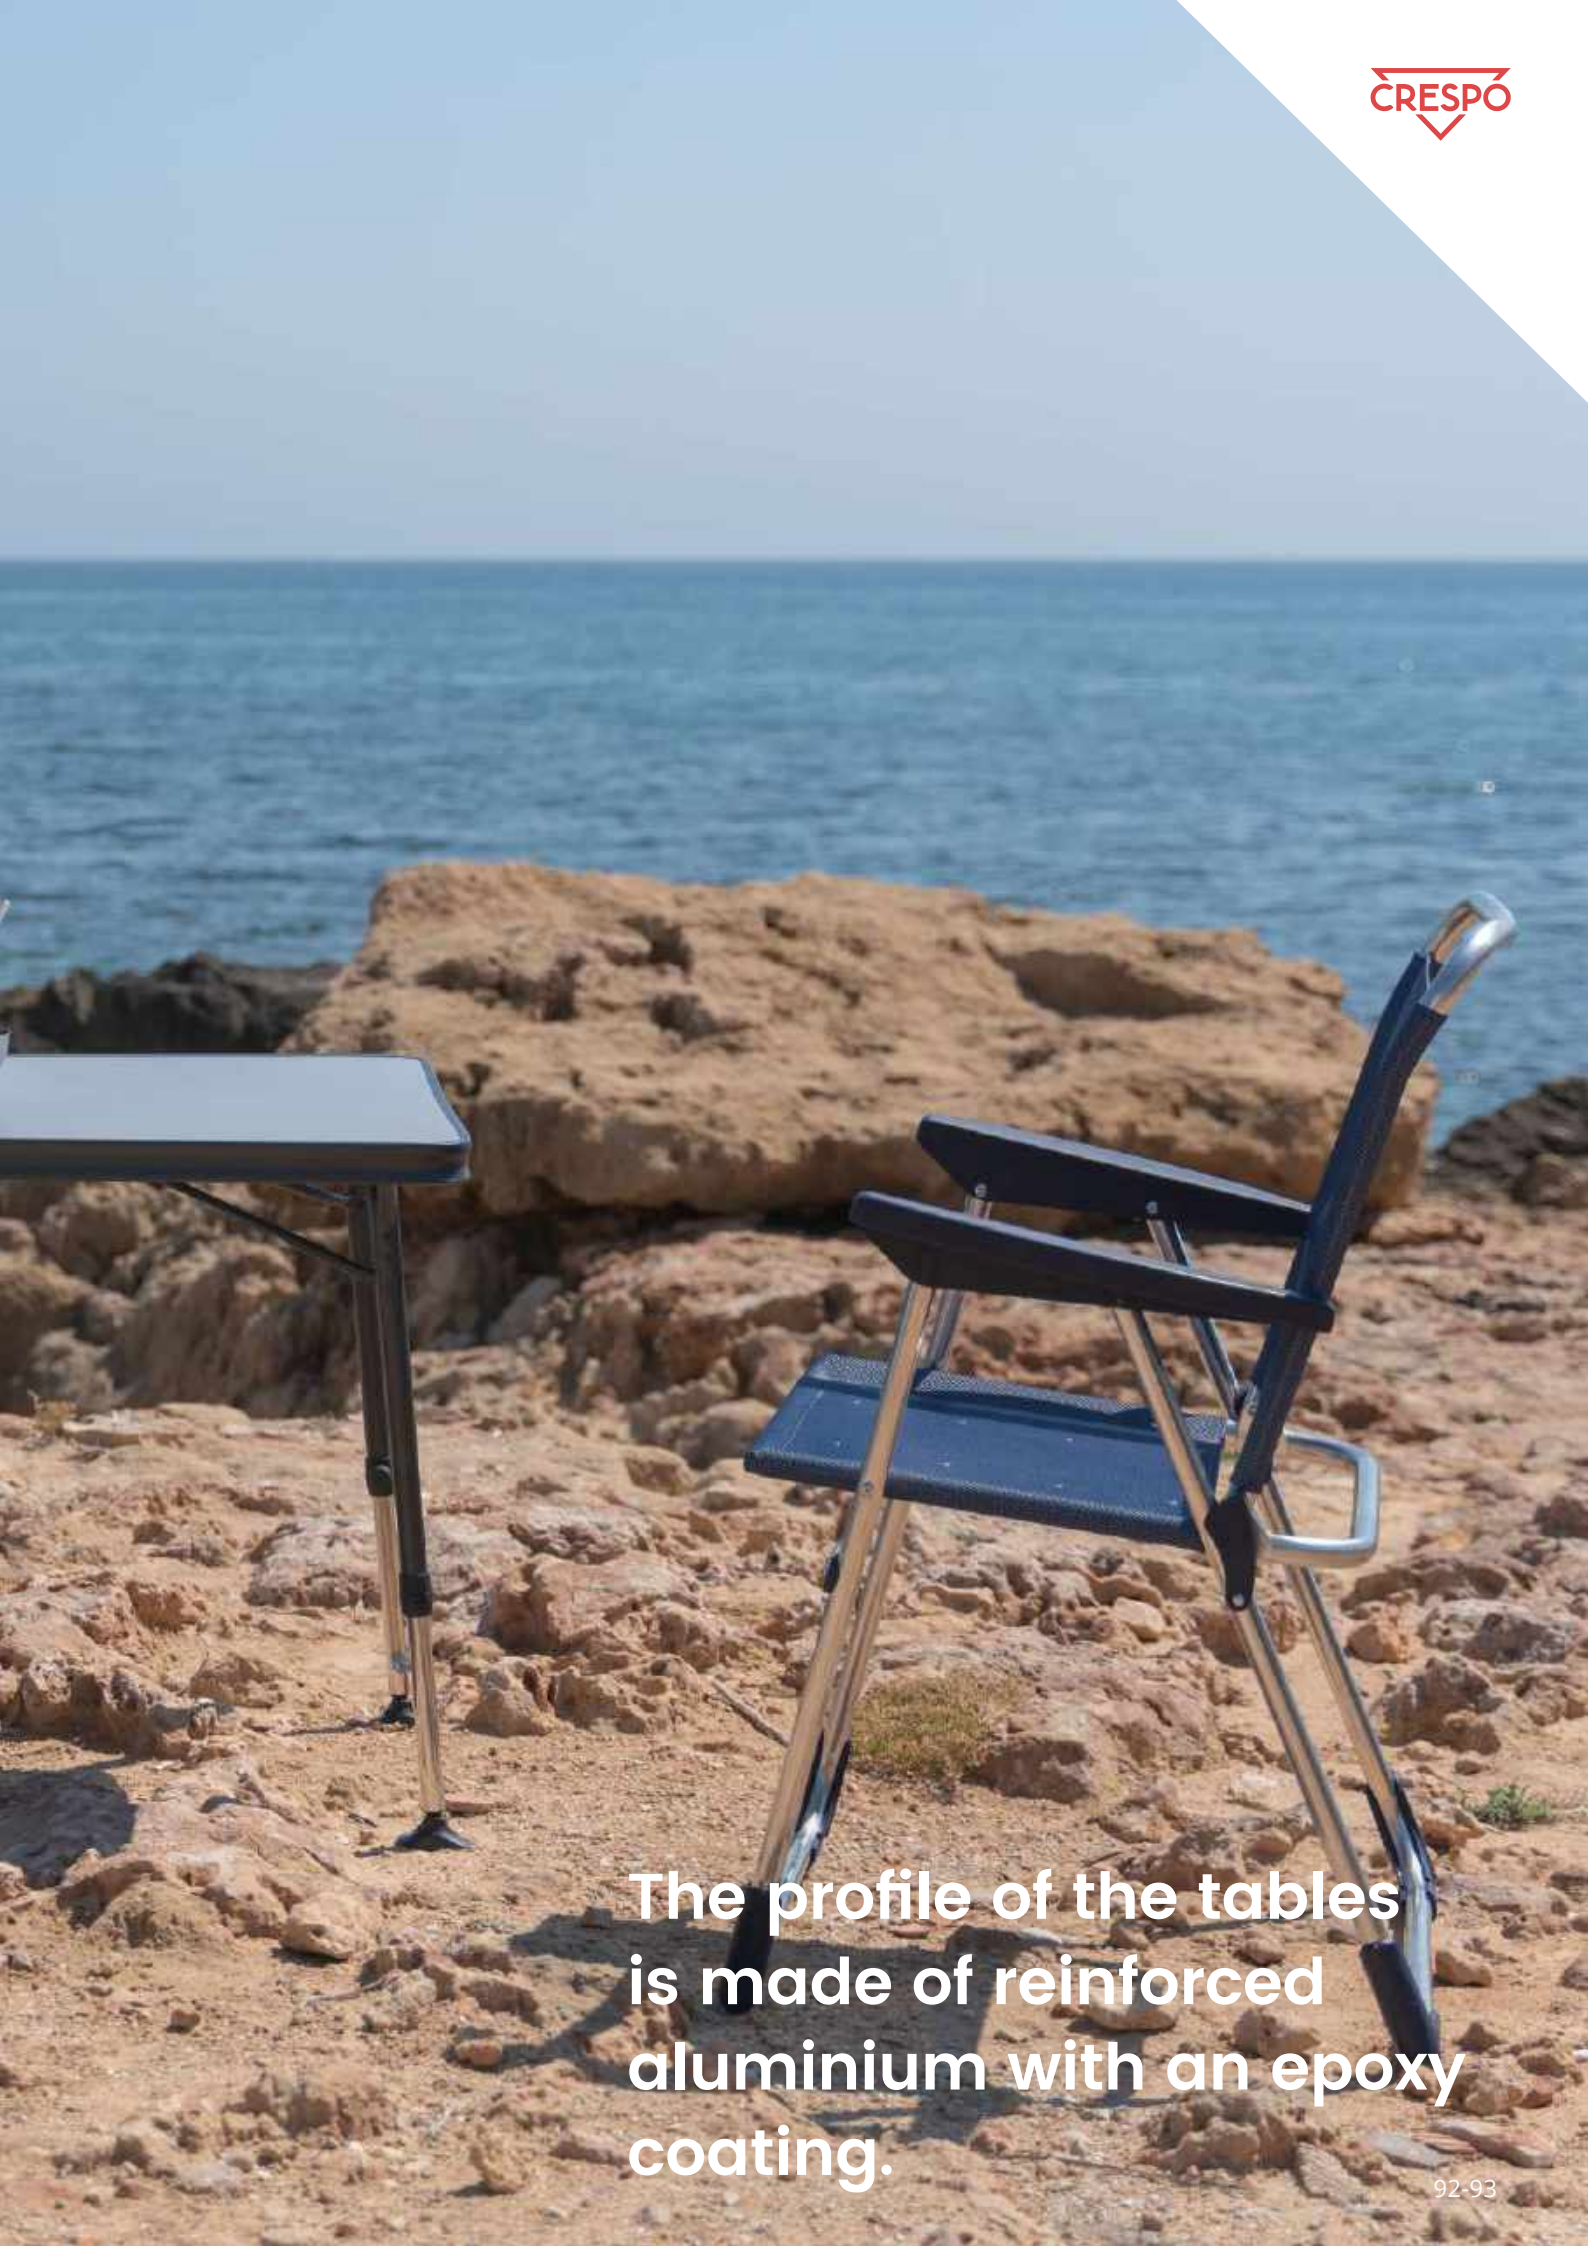

Tables

Crespo offers an extensive collection of tables. Crespo tables have adjustable legs with wide, self-regulating, stabilizing feet. Perfect for ensuring they do not sink into the ground and are still stable on uneven surfaces.

The tops of the tables are weather resistant and the colour scheme of the tables is specially adapted to the seating, so that they can be easily and aesthetically combined.

12.

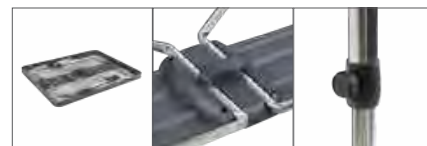

The profile of the tables is made of reinforced aluminium with an epoxy coating.

- ◆ Very stable and lightweight table due to its reinforced construction.
- ◆ Made of a waterproof material that is more resistant to scratches and heat.
- ◆ Aluminium frame and aluminium table edge.
- ◆ Infinitely adjustable height from 51 to 74 cm.

COLLECTION

Cabinets

Crespo has an extensive collection of cabinets; both storage and cooking cabinets. The cabinets are made of high quality materials and sturdy builds. The doors can be closed so that the contents are not visible and remain neatly stored. After use, these cabinets can be easily and compactly stored.

The cabinets are characterized by the fact that they can be set up and taken down in one simple movement, so you don't have to worry about loose parts.

13.

In addition, all cabinets are equipped with stabilizing feet for extra strength.

- ◆ Practical storage cupboard, ideal for maximising storage space of motorhomes or camps.
- ◆ Equipped with various guying points to secure the cabinet.
- ◆ Smart set-up system.

crespocomfort.com

Crespo has over 65 years of industrial knowledge and experience in the metal industry which started by making accessories for motorbikes and indoor furniture.

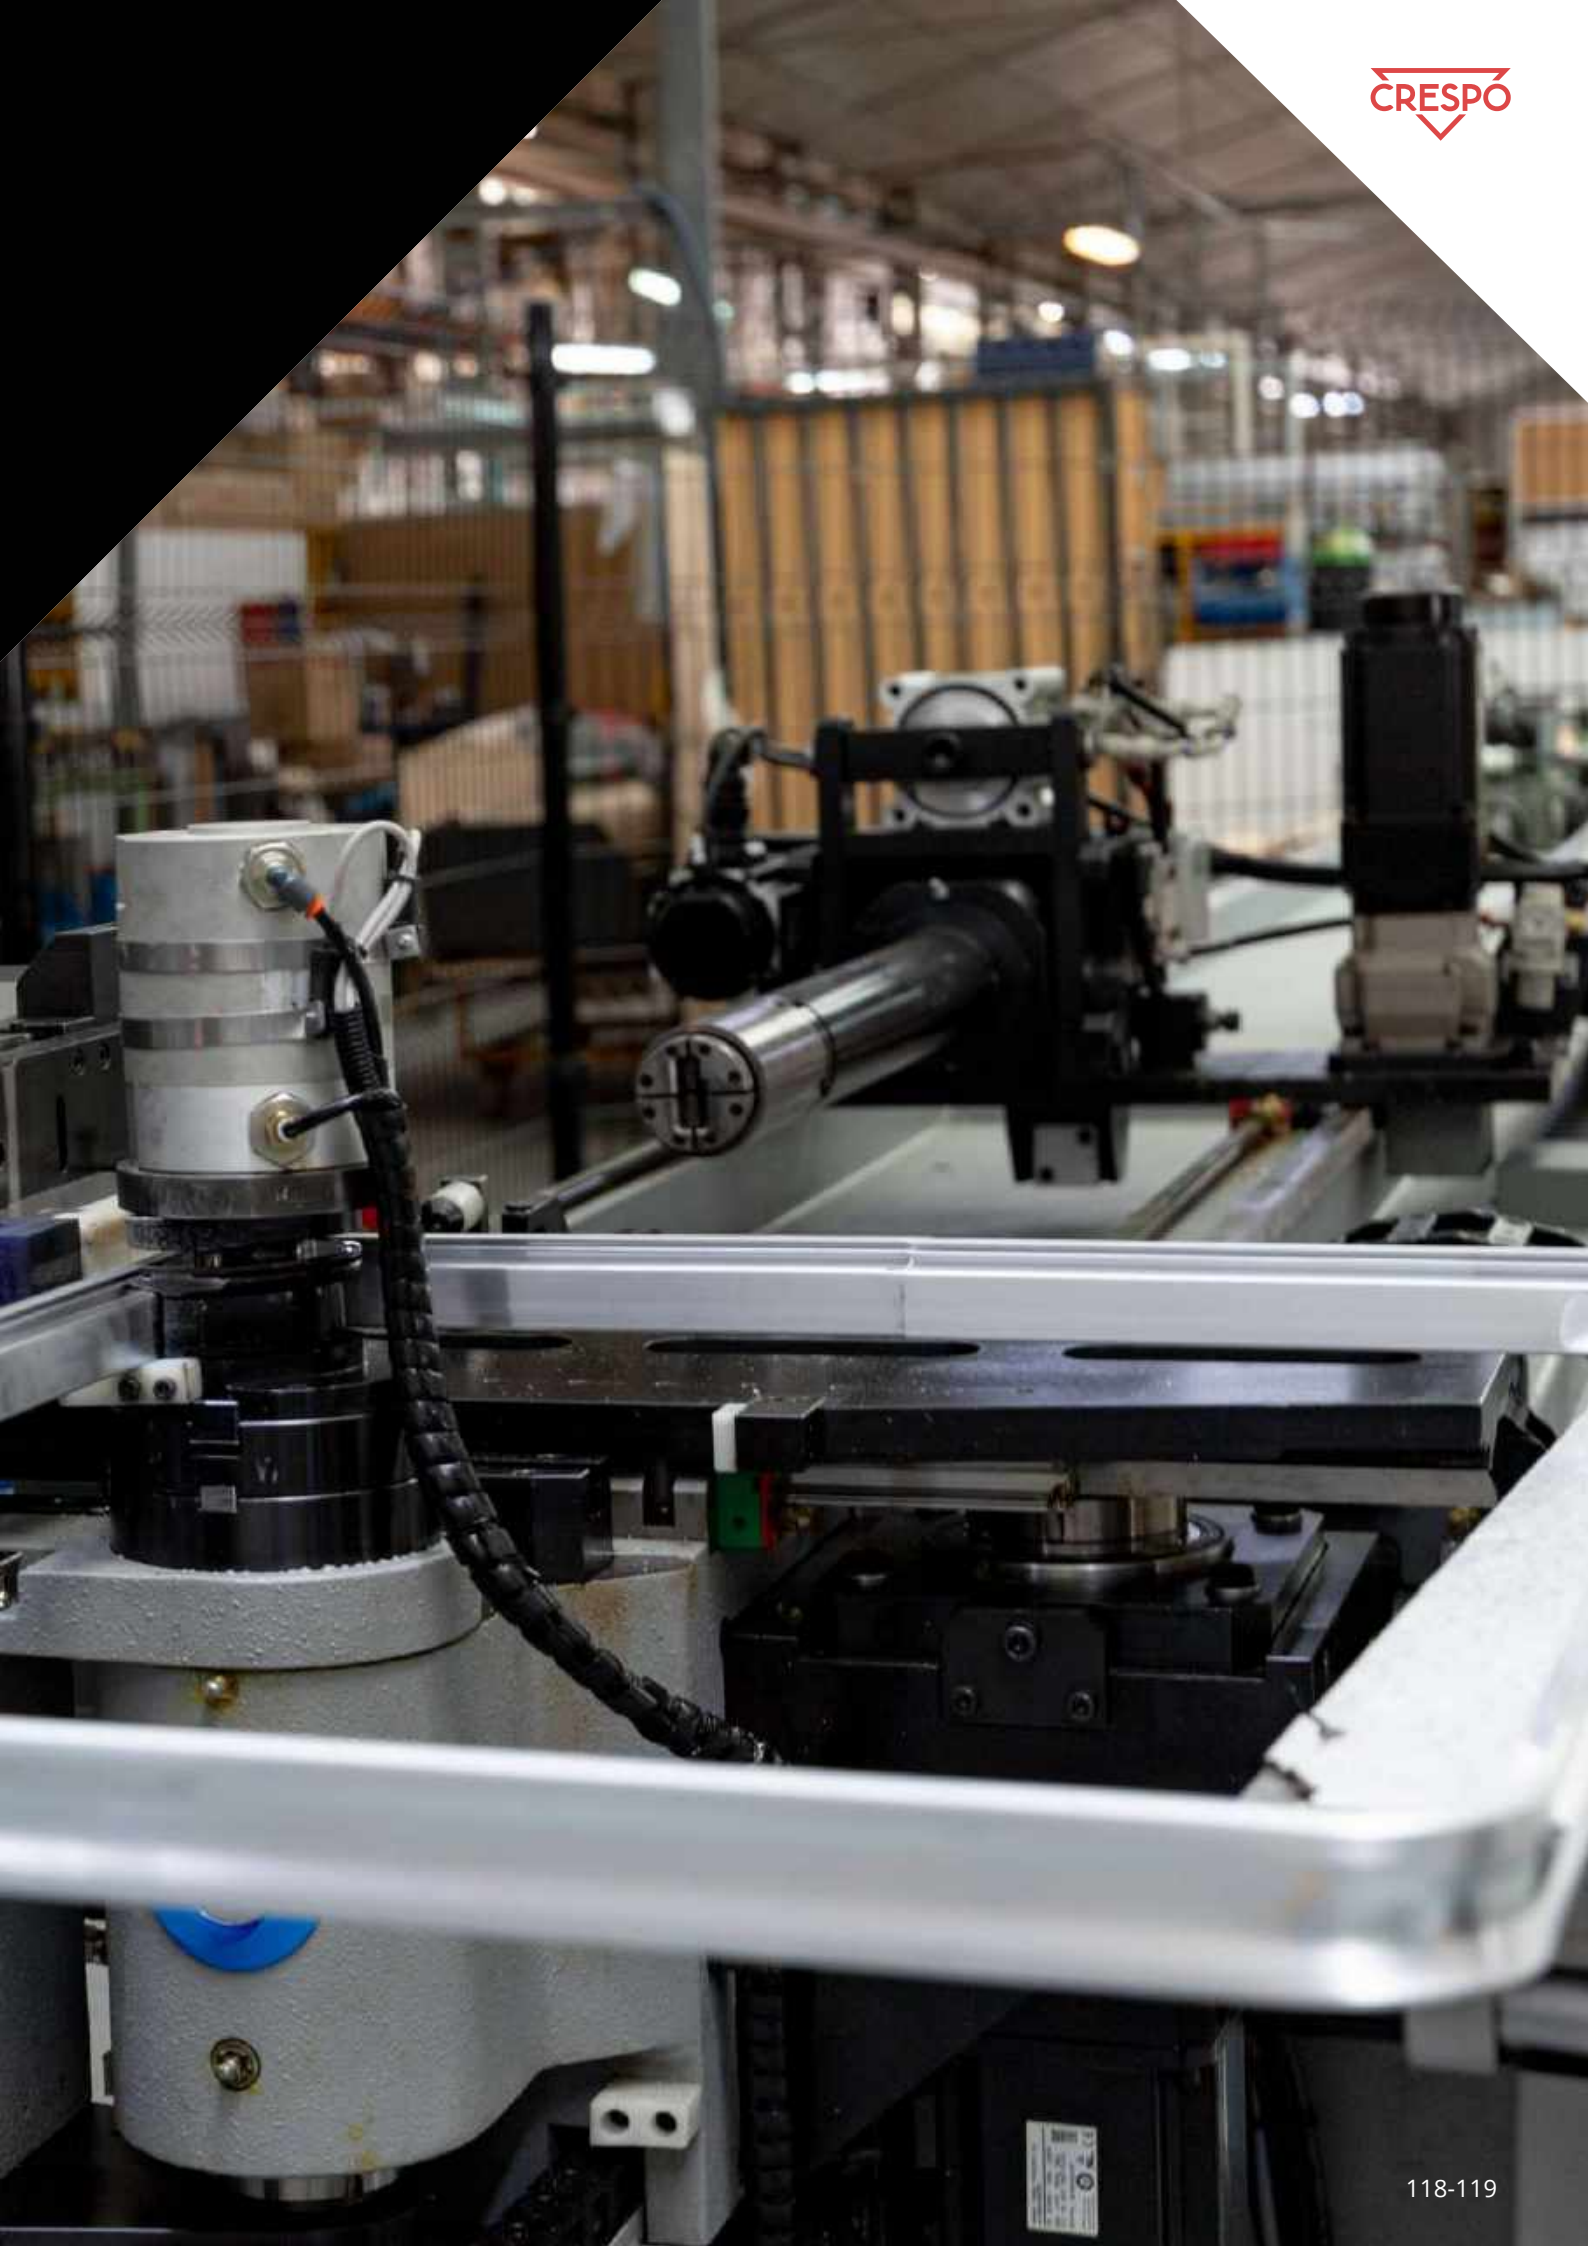

Driven by a strong family tradition of know-how, innovation and quality they transformed the company to focus on producing lightweight, yet durable products for outdoor use.

We still focus on creating durable products that are made with integrity by craftsman who care about quality.

Ideas that are made to last – and designed for comfort.

Feel the comfort.
